9P	Gem Lites Flawless Diamond + Viral Silver (1:1)		
9T	Viral Silver		

* All color conversions based on pre-lightened (bleached) white to palest blonde hair.

Mixed colors will look different than final haircolor results. Always do a strand test first and preview the results before doing your Client's complete head.

** Use either colorwash or colorditioner to create or maintain color. Use together for more color intensity.
